

# APS Topical Group for Hadron Physics ( GHP )

<https://www.aps.org/units/ghp/>

## **Focus:**

QCD and hadron physics

Including:

perturbative QCD,

lattice QCD, hadron structure,

quark gluon plasma,

light hadron spectroscopy,

**quarkonium**

## **Executive committee:**

**Chair:** [Raju Venugopalan](#) ( BNL )

**Chair-Elect:** [Paul Reimer](#) ( ANL )

**Vice Chair:** [Tanja Horn](#) ( CUA )

**Past Chair:** [Peter Petreczky](#) ( BNL )

**Secretary/Treasurer:** [Ramona Vogt](#) ( LLNL/UCD )

**Member-at-Large:** [Leonard Gamberg](#) ( PSU Berks )

**Member-at-Large:** [Ian Cloet](#) ( ANL )

# GHP members ~ 500, including Stan Brodsky, Eric Braaten, Tony Frawley, Mike Strickland, Randy Lewis, Nora Brambilla ( APS Fellow 2012 ), Colin Morningstar ( APS Fellow 2014 )

GHP organizes bi-annual workshops with over 100 participants , the next workshop:

[7th Workshop of the APS Topical Group on Hadronic Physics](#), Washington DC, Feb. 1-3, 2017

( everyone is welcome to attend ! )

If you attend QWG workshop and member of APS you are strongly encouraged to join GHP !

To Join GHP visit <http://www.aps.org/membership/units/join-unit.cfm> ( \$8 ) or
